7463 West Grover Cleveland Avenue  
Homosassa, Florida 34446

Dear Byron,

The Sanctuary Mission provides an invaluable resource for our community. There has always been a desperate need for shelter, re-socialization and recovery for our less fortunate neighbors. You help people become useful members of our community by preparing and reintegrating them into society. This is a crucial stage in a person's development and a huge plus for the whole county.

Your mission directly impacts the Homosassa Civic Club and other organizations by decreasing the homeless population in our area. That helps us in our job of feeding the homeless. Our experience with both you and your staff has been nothing but professional and efficient. The county needs organizations like yours and applauds your efforts and results.

We wish you luck in your grant process and know that your mission will put you at the head of any list for funding.

Sincerely,

Diane Toto,  
President
